If you're looking for a conference event or team building activity that is a little different, yet loads of fun for everyone, then our surf session is the way to go. Our sessions provide a unique shared experience that will bond your team for years to come. The experience of catching your first wave will be one that is remembered for a lifetime.

We use soft, foam surfboards - they're safe, stable and very easy to learn on. Combine that with full length wetsuits to keep you warm, or rash-vests in QLD for the warmer months and you will be catching your first wave in no time. Our goal is to give you a fun, safe experience of surfing, teaching you enough of the basics to get you "woohooing" all the way into the beach!
