

ADVENTURE ON YOUR AGENDA

The Great Bridge Challenge

Put your team's creativity, communication and strategy to the test in this fast-paced bridge building challenge. Before construction even begins, teams must compete in a series of fun games, quizzes and relay challenges to earn the materials they'll need to build their bridge. Every decision matters as teams balance planning, resource management and a little friendly competition—with the chance to win sabotage cards to keep rival builders on their toes.

Once the building begins, it's time to turn ideas into reality. Working together under pressure, teams design and construct a bridge capable of supporting weight while spanning the greatest distance possible. Combining problem-solving, leadership and collaboration with plenty of laughs along the way, this engaging conference activity encourages innovation, teamwork and creative thinking before the ultimate bridge strength test crowns the winning team.
